

# Skull and Bones NEWSLETTER

April 1993

Gerard Louison, President

Mary Anne Eves, Editor, 58 Barren Road, Media PA 19063,  
daytime: 215-941-9600; FAX: 215-941-9950; evening: 215-566-2342

As many of you know, when I moved to California the S&B officers did not keep in touch with me despite many attempts on my part. Fortunately, this year's President Gerard Louison did much to make up for that lack of contact. I'd like to officially welcome our new initiates from Spring 1991 through Spring 1993.

## **The Skull & Bones Class of Spring 1991**

### **Actives**

Darryl Eugene Bundrige -1991-92 Executive VP Lion Ambassadors, 1991 Homecoming Court

Camille Anntonette Chang -1990-91 Alpha Kappa Alpha Sorority, Inc. Stepmistress

Nancy Jane Jennifer Narcum -Leadership Coordinator, Student Organization Resource Center  
Lamont O'Neil -1991-93 Vice-President, Jazz Club & United Soul Ensemble

## Honorary

Anne Katherine Ard - Senior Diversity Planning Analyst. Office of Vice Provost

### The President's Message

There is so much to write about, but I will try to keep it short. I would like to congratulate Brothers Tony Knific (FA '88), Mark Stewart (SP '90), and Bill Cluck (SP '81) for making it out to the Formal Initiation Night for the Spring 1993 Tap Class. We had another long night as I am sure many of you all remember too well! They are a good group and the Active Chapter will benefit as we always have in the past. For those not able to make it out to this past initiation, we'll keep you posted on the Fall date in the next newsletter.

As many of you have gathered by now, the planned 80th Anniversary Celebration/Reunion will not be held in April and instead will be pushed back until the Fall. It seems that everyone is planning something on that weekend since last Spring, thus we could not find a location to hold 200-300 Bones. We also needed 3 things that we did not have: 1) Money; 2) Money; and 3) Time. Seriously, our dire straits financially kept us out of several places requiring a financial guarantee on the banquet room (we had no problem reserving blocks of rooms).

This points up to why we so desperately need a functioning, incorporated Alumni Association of the Bone. We need this for 4 reasons: 1) Continuity of organizational ideals and norms; 2) Institutionalized Framework that we can make Penn State Ha Better Place to be" other than the P. St. Alumni Association; 3) networking mechanism for our alums out there and our Active Chapter Bone~ and 4) Fiduciary Enhancements.

This last one was very evident to our Executive Board in the past year. We designed graduation rings for the first time and did not have enough for the die charges. We also redesigned our membership pins and hats (the original style) and had to pay the die charge and pattern charge. respectively. This stuff can add up after awhile. We redesigned the Shingle and this charge was also significant.

The Alumni Association could purchase the pins, the sweatshirts, the hats, and the Shingles (the rings would still be their responsibility with Balfour Ring Co.) at great discount with bulk ordering. You see, if we had such a group organized we could ensure that the Active Chapter was being responsible in its own financial maners, taking in individuals consistent with aims and ideals of the organization, and working on improving their leadership skills through workshops and discussions, rather than worrying about if they had a dozen people to order sweatshirts or pins.

The question that arises every so often, is who has the hats, the sweats, and hardly any of you ever received pins, although it is stipulated in everyone's copy of the constitution that you were supposed to.

We would have an Executive Board/Council of 15-21 members, a President, and a annual or bi-annual meeting time that would permit many of us to be in State College. Homecoming and Blue-White Game are two times that pop quickly into my mind, but there is also Arts Festival weekend on Friday night. There many purposes for forming such an organization outside of those aforementioned. We all need to see each other once in awhile and besides, State College is a great place to visit.

I met thirty alumni/ae members of S&B at Arts Festival Class Reunions from different class years (1942, 1967, 1977, 1982, 1987) and one they all had in common was that they wish we could have met formally or informally that weekend since many are back that weekend anyway. Those from 1942 especially, thought it was shame that since they left they have not heard a word from the Active Chapter. These alums are untapped resources for a variety of things: leadership workshops, the sharing of student history. and networking.

Anyway, I could go on and on, but I'll stop here and wait for your input. The Executive Board of this past year worked hard for the Bone, as others have in the past, and it would really be a shame to see it squandered once again. We do need an Alumni Association of and for the Bone.

For the Bone, Gerard A.L. Louison '91, (814) 867-1990 (until Dec. 1993)

PS. It would be nice if we could start identifying ourselves by our names and Tap Class in the Alumni Newsletter (see my note in Alumni News). Also we should title the newsletter like News From the Grotto, For The Bone. or something of that sort (Mary Anne you could have a contest).

## A Letter from the Editor

*Reply to Gerard's P.S. above:* The less typing I have to do the better! I usually include addresses with responses but I didn't this time because I was hoping to include an address list but this newsletter is big enough already. I'll try to get one out early this summer. If any of you in the Philadelphia area have access to a copy machine and/or a third class mail permit that S&B could make use of, please let me know. We'd be able to print larger newsletters if we could save money on printing and postage.

There is a new space on the reply form for a FAX number. I'll still contact you primarily by mail or phone. I don't think our office faxes should be tied up printing newsletter responses. but in a pinch it's good to have an alternative form of communication.

On the personal front: I'm trying to adjust to life on the east coast, I really miss the people and weather I left in California. A little sunshine and some warm days here might help. I could use a call from any S&Bers in the Philly area to take me out and cheer me up. I'm currently working in Conshohocken for BYTE Magazine at the National Software Testing Lab, it's enjoyable but not very challenging and there is no money in it. I guess I'll have to figure out something to do with the rest of my life pretty soon. **Deno, Bronk and Berardinelli:** Send details as soon as the blessed events occur! **Dona DeNaro:** I could use a Tarot card reading, maybe it will help me figure out what to do with my life. Give me a call maybe we can meet at the Blue-White game. **Bruce Blake** - I am typing this during the blizzard of March 13, I'm sure you'll be very busy after this weekend. **Becker:** I thought the Dahli Lama was in exile in LA. Doesn't he hang out with Richard Gere? **Brian Allen:** Megan Evans tells me you're doing a little broadcasting for the Bruce Parkhill Show. She promised to save the shows she taped so I can see them. We was robbed in that Indiana game, even people from Indiana admit it. My friend from Indianapolis paid me for the bet we had. **Andy Raine:** Congratulations on your engagement! So when will I hear that you are taking over for Iacoca? When can you get me a Dodge Viper to test drive? **Switch:** Tell Susan Jane Evans married Jim Rhoa in the spring of 1991, they are still in State College and expecting a baby in August. **Becker:** Andre left Spork. He came home the Monday before Thanksgiving, told her he couldn't handle being married, he'd never been on his own, and he had to try to handle his own life. Then he took his stuff to his mother's house. She was completely taken by surprize and pretty upset at first but she's over it now. **Jim Leous:** I know the answer to Deryk's question if you are stumped.

## Alumni News

**Joe Battista** -Recently received the USA Hockey Master Coach Award. The team is off to a 9-0 start and won the Ohio State Tournament. We moved into a new home, finally. A two-story colonial on Williamsburg Drive (how quaint). Our daughter Brianna is 6 months old, teething, rolling around, said Mama, and keeps Heidi and me up all night. **Glenn-O:** Good to see you at the Navy game. Looking forward to Alumni weekend in Feb. **Josh:** Any good hockey players in Connecticut? Send them our way. **To all the Alums:** Hope you'll all support Gerard and the rest of the Active chapter, they are doing a super job.

**Todd Becker** -Currently in Kansas City MO on assignment at United Telecom/Sprint. I've been here for about nine months and except for pick-up trucks with gun racks, its a nice place to be! Going to India for two weeks in March, can't wait to meet the Dahli Lama. I'm giving u]p computers and going to law school, save me! (If you believe that, I've got some slightly used ICBMs for you.) **Dymond:** Are you really going to join another partnership? **Gould:** Where are you? **Nils:** Are you still alive? **Dr. Lisa Goodison Faden:** Congratulations!

**Paula Berardinelli Hunter** -SHAZZAMM!! Yep, it's really magic. Coming your way, April 30, 1993 is "Ziggy" (short for zygot). Yes. we ARE really expecting a baby! Easy enough for Jeff to say, but I wish the stork made deliveries. Any suggestions for a name are welcomed. All respondents will receive a photo of the new born. Just fill in the blank: "\_\_\_\_\_ Berardinelli Hunter".

**Bruce Blake** -I am a Senior Claims Representative with State Farm. I handle homeowner's claims in the Philadelphia area. Often I travel the country to assist with national disasters, i.e. Hurricane Andrew. My wife, Lisa Hunter Blake is also a PSU graduate and athlete (track). We are expecting the birth of our first child near the end of Feb. 1993.

**Jody Caroselli Holt** -Work is extremely business! A couple of public offerings and an acquisition project have kept me "chargeable". It's incredible how much I don't know about accounting. The married life is still wonderful, we are expecting a baby in September! **Rod Hutter:** Come work for Price Waterhouse in Boston.

**Amy Constantine** -Hello tap class of Spring 1988! finished law school at Pitt and am now a PA Superior Court

law clerk. My co-worker and roommate is fellow S&Ber, Angie Dumm.

**Pat Conway** - Still with Congressman Clinger, managing PA operations for the office, working primarily from the District Office in State College. I've been enjoying Fall Football weekends entertaining old friends who visit SC for Nittany Lion games. Any S&Bers back in SC for a visit, please give me a call. **Slim Pickens:** What's up? **Margie Utt:** Settle down. **Bob Butler:** Still in LA? **Eric Graves & Ben Siegel:** Congrats to both of you on your new born baby boys! **Mike Pirrotta:** How's the train of life?

**Bill Cluck** - I moved to Lemoyne, PA in Feb. 1992 to open up the Harrisburg office of Saul, Ewing, Remick & Saul, the firm I've been with since graduating from Temple Law in 1988. I still represent members of the regulated community (i.e. polluters) and truly enjoy the intellectual and legal challenges of going head-to-head with the Fish Commission. Big win for a railroad client whose choo choo fell in the river and killed 10,000 fish; Fish Code unconstitutional; Philadelphia lawyer loophole. 1992 has been the year of the Grateful Dead. I know, every year has been the year of the Dead, but this one more than others. In 1991 I was retained by Grateful Dead Productions, Inc. to handle a matter that must remain confidential. That matter was resolved in Philadelphia in March 1992 and coincided with three Dead shows in Philly with Bruce Hornsby. To make a long story short, I got back stage passes then went back to Weir's hotel room to party with the band! One of the partying highlights of my not so young life. I went on a wheel! tour in the summer following the Dead to Giants Stadium, Washington D.C. and Pittsburgh enjoying a few more back stage/party with the band opportunities.

**Dona DeNaro** - Last June I was promoted into the management training program at Southwest National Bank of PA in Greensburg and I am doing exceptionally well. I'll probably start work on a Master's degree within the next year. I moved in with a man I had been dating for almost a year and I am the happiest I have ever been!

**Maryann Deno Brock** - Nov. 30, 1992 was our first wedding anniversary. Tony is in law school and clerking at the Nebraska Attorney General's Office. I'm working as a paralegal at a personal injury firm and awaiting the birth of our first child in March 1993. If I have one more person tell me the baby will change my life I'll scream!

**Angie Dumm** - Graduated from Pitt Law School clerking for the Superior Court of PA. Clerkship ends in the Fall of 1993, so I am looking for a job to start in the fall. **Chris Vicente:** How are you? Did you get my message? Please call soon 717-288-8228. **Steve Siegal:** Are you really engaged? **Michelle Harmon & Tara Goff:** Hi, how are you?

**Joanne Elwell** - Changed jobs. Teaching 6th grade at Whitaker Elementary in Cincinnati, OH. I also coach the Women's Varsity Volleyball team for the Finneytown School District. We went to the state championships my first year so I am extremely excited. We finished 3rd. I turned down an offer to play professional volleyball in Europe, both Italy and France. I love where I live and decided to stay. **Sherriocity Rutolo:** Miss you tons and I'm looking forward to seeing you real soon! Joannschtein **Brian Allen:** Where have you been hiding?

**Susan Fusetti Taptich** - Graduated in Fall '89 as a civil engineer and after two years I decided it wasn't for me. So, once again I'm roaming the streets of Penn State University. This time to get a certificate in Elementary Education. I'll be done soon. I was married in November 1992. Married life is the best. We have a new (four legged) addition already, his name is Ben and he barks. Dan and I just bought a house and spend a lot of time remodeling (or going through six-packs as Luke would say). **Rachel:** Thinking of you, hope all is well. **Switch:** Still building houses? **Luke:** You're now residing in my hometown of Chippewa. My family is around everywhere. They'll be happy to enhance your social life! **Nic:** Do you still live? Where are you? **Angie:** Anything exciting happening in the courtroom.

**Tony Gaertner** - Life is great in Arizona. If any of your "Bones" get too cold this winter, give me a call. I have plenty of room at my house for all S&Bers. **Jeff Glazier:** Can't believe that the "Straight Poop" party did not garner one electoral vote. Keep the faith! **Bob Costagliola:** Merry Xmas. Happy New Year, blah, blah blah...

**Deryk Gilmore & Camille Chang** - Camille left Federal Express as a sales rep to work as a Financial Aid Administrator at the University of Illinois. She starts a master's program in Multinational Finance in fall '93. Deryk is a Program Manager at The U. of Illinois and will begin the LIR master's program also in fall '93. Deryk is also being considered for the position of Assistant Director of minority Student Affairs. We will be married on July 4, 1993 in New York City. **Mike Bowie, Monie, Stan, and Rick:** You cats! "Meow" Be out dogs! **Gerard:** What's up my brother, call me. **Tara:** You have my address. What's up? **Karrol Ann:** Miss you buddy. **Jen Grimm:** Where have you been? **Busy Blair:** Yo! I know you love New York, have you been to the Palladium and Garage? **Johnny Greene:** How are those Tri-Delts? **Brian Allen:** Still smiling? **Andre:** How's DC? Go to Jasper's on Thursday tell Brick

what's up! **Tony K.:** What's up? **Scott Gob:** Can you believe that ND game! **Kelly G.:** How's your job? **Wess Jonessss!** **Jim Leous:** What's ReRun's real name? Not his real life name, his television real name?

**Rich Goldbeck** - Sales rep with Kraft/General Foods in the metro-Philadelphia area. **Greetings to the Class of '89!**

**Marian Glosky Clowes** - DuPont transferred George, we moved to Parkersburg, WV right after Christmas. I start work with the Parkersburg Community Foundation on Jan. 11, 1993. I am the foundation's first and only employee! Are there any S&Bers in West Virginia? We've been warned not to flaunt our Penn State gear down here, this is Mountaineer country. **Jane M., Dana F., John Z., Rodney O. Darian G., and Mike P.:** Good to see you at John's wedding. **John Z.:** Hope that married life is treating you well. **Chris Vicente:** How are you? **Michelle Hannon, Rachel Lyter, Chris V.:** Missed you at the Lion Ambassador reunion this fall.

**Jack Gorman** - Working for Tenneco Gas in Houston, and it's hectic. I was promoted to Manager of Communication Services in August '92. I'm too busy to even worry about our massive layoffs. No offense, but I'm praying for a very cold winter. Crank up those thermostats and remember Gas Heats Best! Libby and I are fine. We see each other every other month because she has been travelling to Florida, Oklahoma and West Texas on insurance business (Mother Nature is embroiled in the change!). **Hish:** Greetings to you and the lovely bride. **Bill J.:** Congrats to you and Eileen. **Stefan:** Good to see you in October. Put me down for a case of White Rock Ginger Ale. Up yours too! **Joe M.:** You are the best dressed janitor in Phila. history! Great seeing you again. **Luke T.:** You didn't need to buy a house just to drink beer, or has something gone horribly awry in your life?

**Gigi Highland** - Working with Ingersol-Rand in the Manufacturing Management Training program. The program lasts two years then I'll receive a permanent assignment. Taking APICS courses to become certified. Taking GMATS to eventually take night classes to achieve an MBA. Helping out at a food shelter on Sunday mornings. Since I am in Colorado Springs I've taken up skiing, hiking (14 footers), and mountain biking. **Ishman:** Miss you and our apartment. Watch out for Jim's and Jemy's out there!

**Stacey Ishman** - I'm working for Northwestern Flavors (a subsidiary of Wrigley Gum) as a lab technician. I'm studying for the MCAT and sponging off of Mom and Dad to keep costs down.

**Gerard A.L. Louison** (SP '89) - Perm. Add. 82 Clinton Ave #1, Brooklyn, NY 11205 (718) 596-1357. I am the outgoing Skullmaster (President) of the Active Chapter, the first graduate student to be such. I finish my Master of Public Administration degree in Fall of 1993 and will go back to Brooklyn or D.C. to begin a teaching career. Sooner or later, I want a Ph.D. in Political Science, but I need a break first. I have taken too much space already, call me in State College if you are coming to town. Hello to Spring '89 Tap Classmates! **Deryk Gilmore:** How is Univ. of Illinois-Urbana treating you? Are you married to that Sister of the Bone yet? **Judy Falce:** How are you doing back in Pittsburgh? **Shawn Arango:** Congratulations on being married during the blizzard of '93. And congrats to those wedding guests who arrived on cross-country skis!

**Beth Metzger** - I'm getting married July 4, 1993 and moving to Long Island. **Pat Dugan:** Great talking with you. I missed you a lot! Come visit. **Steve Siegal:** Where are you? **Ken Hong, Jodie Crombie, Karen Rosenthal, Tara Goff:** Miss you all!

**Jeannette Morris Smith** - Son Macy is now 16 months (Dec. '92) and the spitting image of his Dad, except Macy has more hair. He is very independent. His favorite pastime is eating. His vocabulary is limited to Mama, Dada, variations of his older brothers' name, Tory, and a very clear No No No No. Tory is 4 1/2 and a great kid. He's nuts about trains, fire trucks, the classroom pets at his school, and has developed a new fascination with Batman this year. A clear demonstration of how capable he is of learning from his peers, since as far as we know he has only ever seen one episode of the old TV series on Nickelodeon.

**Vic Orlor** - We have a new son, Holden

**Andy Raine** - Still at Chrysler and buying lots and lots of steel. The big news is that I'm engaged, the wedding is planned for July 17, 1993. My fiancée is Heidi Bashara a financial planner and Michigan State (that's a Big 10 rival) grad.

**Pam Scott** - I start my internship with the Supreme Court ( yes, the United States Sur)reme Court) in a couple weeks and I'm excited. Life at Georgetown Law is interesting but quite hectic. **Phil Fuentes:** I hear you're down here in

D.C. Where exactly are you? **Hi Everybody!**

**P.J. Sternberg** - Sales reps for Merck, Sharpe & Dohme Pharmaceuticals in lower Manhattan. I'm in their management training program. I love the company, the job, and the city, especially the New York night life. My roommate is S&Ber Tom Lynch. I'll be going to NYU for my MBA at night starting in Jan. 1993. **Janyne:** Keep up the good work at Medical School. **Fellow S&Bers:** Sorry I lost contact with everyone. Now that I've got my life in order, I would really like to hear from you. If you are ever in New York look me up.

**Joanne Swiderski McLaughlin** - Christopher Michael McLaughlin was born December 1, 1992 weighing in at 6 lbs. 5 oz. and 19.5 inches.
