Brother McCoy in Olympics

On September 14th, our very own Brother Kerry McCoy was on his way Down Under. Brother McCoy is a US Freestyle Olympic Team member. Check out Brother McCoy's Web site, <http://www.kerrymccoy.homepage.com/>, and follow his Olympic journey.

Brother McCoy won his pool and advanced to the Quarterfinals of the Olympic 130k / 286 lbs. Freestyle Wrestling Championships where his quest for Olympic Gold came to a close as he was defeated in his Quarterfinal match 8 to 7. Thanks brother McCoy for your outstanding representation of the USA, you were an inspiration to us all!

As a student, Brother McCoy served two terms as the President of the Penn State Student-Athlete Advisory Board. In this capacity, McCoy was instrumental in organizing Penn State student athletes to discuss NCAA and Penn State policies and recommendations.

LIGAMENT PROGRAM- CONNECTING BONES

The Alumni Interest Group is proud to announce the inaugural launch of the Skull & Bones AIG Ligament Program. This program was created in an effort to increase communication and contact throughout the entire Skull & Bones Society.

The program will act as a direct link between our Active Members and valued Alumni to begin a networking and career development campaign for our Society. The officers of the AIG ask that Skull & Bones Alumni be open to potentially receiving calls from Undergraduate Skull & Bones Members to help advise and provide professional guidance as they experience the hurdles and challenges of developing their future career paths. This is by no means a vehicle to have Actives calling and asking for direct employment, but more of an opportunity to share our professional experiences with the intention of mentoring our younger members.

This program will hopefully make use of the Society's most valuable resource, our great people. There is no need to remind you of the caliber of student we Tap for the honor of membership, so let's come together and help support the current leaders of our great institution and offer support to our Brothers and Sisters of the Bone.

* If anyone wishes not to be contacted by an Active Member of our Society, please contact Brad Kittsley at (814) 466-1968 or e-mail at Brad1912@psualum.com.
