A LETTER FROM THE EDITOR

To those of you who usually get a Christmas/Chanuka card from me, please accept this newsletter in its stead. Christmas at Tamura Corp. is hell for me, as Marketing Director I get to send 1,000 cards and 500 boxes of candy for the company. This severely cuts into any personal time I get before Christmas.

Thanks to the increasing numbers of fax machines, car phones and modems in the LA basin, I now have a new area code, 310. For those of you who keep asking "Where is Torrance?", it's in what we out here call the South Bay, about 20 miles south west of downtown LA at the base of the Palos Verdes peninsula just east of the "beach cities", Redondo Beach, Hermosa Beach, and Manhattan Beach. Close to Hollywood, Beverly Hills, and Disneyland. If you still can't find it on a map, call AAA.

I became an Aunt on Nov. 16. My brother & sister-in-law had a baby girl, Letitia Tracy Eves. I can't wait to see her! I'll be at my father's in Media from Dec. 21 to 26 if you want to get together give me a call 215-566-2342, I'll be in state College Dec. 27-29 at the Autoport 813-237-7666 ask for me or David Williams.

And now for some messages... **Jennifer Gould:** What are you up to? **Hishta, Martz, Levine:** Just because I'm not in State College anymore you don't want to talk to me? I miss you guys. Write, call, soon!! **Cluck:** How are your rock-n-roll clients. Give Goodison a job! **Lisa Goodison:** Give Cluck a call. Tell him I said if he doesn't get you a job The Inquirer gets the negatives. **Pieface Gaertner:** I was sitting about 15 rows above you and to the right at the PSU-USC game. I tried to get your attention but there were too many people in between. Call me the next time you come to LA. **Steve Matt:** Boy, girl? **Costag:** I'll be home for Christmas, will you be in Springfield? Call me at my Dad's. **Wayne Luke Taiclet:** Are you still in State College? Are you still the Grotto Master? **Christian Appleman:** Will the Lady Lions be playing in LA anytime this year, if so I expect to hear from you! **John Zahor, Sherri Rutolo, Tony Knific:** I miss my buddies from OTIS, what are you guys doing these days? **Jeff Dooling:** Argonne Labs is one of our customers, do you see wall plug-in power supplies that say Tamura? **Mike Pirrotta:** Are you at Glasgow DE? We sell tons of power supplies to that location.

ALUMNI NEWS

Brian Allen - I'm finishing my classwork in Grad School this fall. I will be interning in D.C. for Advantage International (Sports Agents) in the Spring of '92. I spend most of my time now working on my thesis but I'm still on the Most Eligible Black Man list. I hope to see everyone during Homecoming.

Christian Appleman -1 Sage Hill, Williamsburg PA 16693,814-832-3463 - I will complete my graduate work in history in the Spring and will begin my second season with the Lady Lion basketball team in October. It promises to another exciting year. **BA:** Right back at you buddy. You can be my agent when I make a WLAF team next year, OK?

Tim W.: Great to see you at your Bro's bachelor party. Best of luck this year. **Bruce B.:** Are you worn out yet?

Maury Billig - 221 D 55th St., Virginia Beach VA 23451, 804-422-8194 - The 5 year itch happened, I moved over to Shell Oil. Life at the beach is great but owning a house is a lot of work.

Andi Bonitatibus - 176 Westbrook Hills, Syracuse NY 13215-1833,315-469-7323 - Received a promotion with Merck, Sharpe & Dohme in May. Hello to the Class of Spring '88.

John Bravacos - As if George Bush isn't enough, I'm running for the Republican nomination (among a heavy field) for the 157th Pennsylvania state Legislative seat. The district is comprised of five municipalities in eastern Chester County (suburban Philadelphia) and the incumbent Republican is not seeking re-election. I am a conservative Republican and expect the major issues to be Taxes, Trash, and Traffic (I'm against all three). Anyone interested in helping or in more information can call me at work 215-647-3555 or at home 215-647-3071. Those of you who just want to send money (right!) can do so by addressing checks (no corporate checks please) to: Committee to Elect John Bravacos, c/o Margaret M. Layden, Treasurer, 361 Coldstream Drive, Berwyn PA 19312.

Jodi Caroselli Holt - 3605 Richmond St., San Diego CA 92103,619-296-5822 - One more part on the CPA exam to go, law! I am still with Price Waterhouse, but I think I want to be a high school math teacher. I married Lt. Bradley Holt on June 1, 1991. His three sisters, my three sisters and my brother were all in the wedding. Married life is wonderful. **Tara Goff:** Thanks for the note. Keep in touch. **Brian Allen:** Hi buddy! **Mike & Rich Pirrotta:** How are you? Where are you? **Switch:** Is your house in Monmouth county? **Andi Bonitatibus:** Congrats on your award - super woman!

Marian (Glosky) Clowes - 5447 Pinehurst Drive, Wilmington DE 19808, 302-368-8805 - George and I are new homeowners. We bought a townhouse in March and now spend our weekends on "home improvement" projects.

Yes, I'm going to have to start rooting for the Cubbies but in my heart I'll always be a Phillies fan. Robi and I are renting a 2 story, 3 bedroom house. Bolingbrook is a pleasant little community about 25 miles southwest of downtown Chicago. We're so far out we can't even see the Sears Tower. The town has all the essentials - Walmart, K Mart, superhighways, farmland; but no beach. I'd still rather be surfing in New Jersey.

My wife and I spent fall 1990 back in Durham, England where I was a visiting research fellow. My plans to lecture on "Semester at Sea" from Casablanca to Cairo and then to travel around the Middle East were canceled because of the Gulf War. Instead I made a lot of speeches, TV appearances, radio call-in programs, and wrote articles during and after the war. I did complete the 4th edition of A Concise History of the Middle East updates to the end of Operation Desert Storm. My wife and I hired a contractor (and former student) to make numerous improvements (including central air conditioning) to our house. We hope those of you who knew us when you were students will come and visit. My wife is learning Japanese and also writing a local history for a projected guide to Centre County. Greeting to all veterans of taking or teaching History 181 and 423. We still have group orals at Cafe 210 and the Diner.

We certainly need more Penn Staters in this town! **Lisa & Bees:** So when are you guys coming to visit Valley View? **Todd Becker:** If I had known you were in Cleveland, I may have turned down the promotion. **SteveO:** Closer than ever to Erie.
